

DALBY EMPOWERED EMPLOYMENT PROJECT

Does your business have a vacant role that:

- Offers 15-38 hours a week of sustainable work?
- Requires entry level skills?
- Can lead to opportunities for career growth in your business?

We are looking for employers in Dalby and the Western Downs region who, with some support, would consider employing an eligible jobseeker.

What is the project?

- Supporting jobseekers who are
 - Aboriginal and Torres Strait Islander peoples
 - Young people
 - People with a disability
 - Long-term unemployed people
- Offer support to employers to help onboard and upskill jobseekers

How can we help?

- Personalised HR support for your business
 - Onboarding processes
 - Training frameworks
 - Facilitate upskilling (Apprenticeships, Traineeships, Certificates)
- Continuous HR support
- Success for both businesses and jobseekers

Our goal is to create positive and sustainable change within the Western Downs employment community and fill skills gaps with locally based jobseekers.
